

Homework 3

2017年3月8日 18:29

Description

Steps:

- Download & Install a PGP client (GnuPG [link](#) is recommended)
- Generate your own key pair and send your public key to TA, with title:
SEC2017-HW3-ID-NAME
- TA will send her public key to you & with an encrypted file
- You should decrypt the file and encrypt & sign the same file, and send it to TA under the same title

Deliverables

No other deliverable is needed.

Deadline

- 23:59:59, Apr. 23rd, 2017
